How Fairy Fashionable!
You don’t need a magic wand to get dressed for Flying Fairy School! Just follow these simple steps to create your own enchanting fairy or troll costume using items from around the house.

**Fairy Outfit**
A fairy could wear a floaty dress or skirt, a long tunic, or leotard. If you don’t have any of these items at home or want to make a fairy outfit of your own, follow these magic steps!

**Step 1:** Find an old slip, nightgown, skirt, or long T-shirt.
**Step 2:** Use scissors to cut the bottom hem in a zigzag pattern. The hem should fall just above the child’s knees.
**Step 3:** Using ribbons or scrap fabric, fit the outfit to your child with a colorful belt. Fairies love bows and belts!
**Step 4:** Add brightly colored pants, tights, or leggings, and pair them with ballet shoes, slippers, or sandals.
**Step 5:** Here’s the fun part for your little fairy: Decorate the outfit with ribbons, leaves, glitter, feathers, or flowers and attach with craft glue.

**Troll Outfit**
A troll usually has pointy ears, a pointy collar, and wears a hood. Our version is made from an old hooded sweatshirt and leggings. Make your own with these simple steps!

**Step 1:** Find a large, old hooded sweatshirt.
**Step 2:** Use scissors to cut the bottom hem of the sweatshirt in a zigzag pattern. The shirt should fall just above the child’s knees. Save the leftover fabric scraps for the next step.
**Step 3:** Gather the shirt around the waist using a belt, string, or a piece of scrap fabric.
**Step 4:** To make pointy ears, draw a pair on a piece of paper or cardboard, cut them out, and use tape or fabric glue to attach them to a headband or to your child’s hood.
**Step 5:** Add pants, leggings, opaque tights, or long socks—striped are best! Sandals or ballet slippers make great troll shoes.
**Step 6:** Decorate the outfit with markers, ribbons, leaves, glitter, feathers, or flowers and attach with craft glue.
Wings

**Step 1:** Print out the fairy wing pattern from your computer.

**Step 2:** Cut out the pattern and trace it onto a large piece of construction paper or cardboard.

**Step 3:** Decorate the wings using crayons, markers, and craft supplies.

**Step 4:** Cut out the decorated fairy wings.

**Step 5:** Attach wing flaps to shirt or costume with craft glue.

Step 1: Find a thin stick—a chopstick, ice-pop stick, pipe cleaner, or unsharpened pencil is perfect. If you can’t find a stick, make one by tightly rolling up a standard sheet of paper and wrapping tape around it.

Step 2: Print the wand star pattern from your computer.

Step 3: Decorate the star any way you want using crayons, markers, and craft supplies.

Step 4: Use glue or tape to attach the star to the tip of the stick. Wind ribbon around the stick for an extra touch of magic!
Flair

Step 1: Print out the fairy flair patterns from your computer.

Step 2: Cut out the patterns.

Step 3: Decorate the patterns using crayons, markers, and craft supplies.

Step 4: Attach flair to your child’s wings, wand, or costume with glue or tape.
