

Make Ernie and Bert JACK-O-LANTERNS!

Remember: Pumpkin carving can be dangerous and should only be done by a grown-up.

1. Ask a grown-up to hollow out a pumpkin. You can help scoop the seeds!
2. Tape a stencil to the front of your pumpkin.
3. Ask a grown-up to use a toothpick and poke holes around the black area of the stencil.
4. Have a grown-up use a pumpkin-carving tool to carve around the toothpick holes. You can decorate your pumpkin with markers, paint, or glitter. Get creative!
5. Have a grown-up add an LED light to your pumpkin and watch it glow once the sun goes down!
