...And Keep Talking!

Parents, put on a finger puppet show with your child! Cut off the tips of a rubber glove and draw simple faces with markers to make finger puppets. Put a few on your child’s hand, and do the same. Try beginning with these scene-starters:

- **Hi. I’m NEW here.**
- **Do you want to hear an INTERESTING IDEA?**
- **How are you FEELING today?**
- **WHERE am I?**
- **I have a QUESTION.**
- **Will you SHOW me around?**
- **LISTEN to what happened to me today.**
