

WORDS THAT HELP ME GROW

More leaves for you to use! Cut out these blank leaves and write new words you discover together in your everyday routines. Invite your child to draw a picture on each leaf to show what that word means. Then, put them on your word tree. Use the words throughout the day, and encourage your child to do so, too. Remind your child that there's a word for everything she sees, and each one has a meaning.

**WORDS ARE
HERE,
THERE,
AND EVERYWHERE**
